Slik spiller dere: Kast terning om hvem som skal begynne. Kast terningen og flytt brikkene etter tur. Når du lander på et felt skal du si høyt hva du liker best. For eksempel "I like watermelons better than bananas." De andre skal svare om de er enige eller uenige med deg ved å si enten "I agree with you" eller "I don't agree with you". Den som kommer først i mål har vunnet spillet, og kan velge en passende straff til motspillerne:

Syng en engelsk sang for rektor

Løpe en runde rundt skolen

Ta 30 spenstopp
