Tema 10: What time is it?
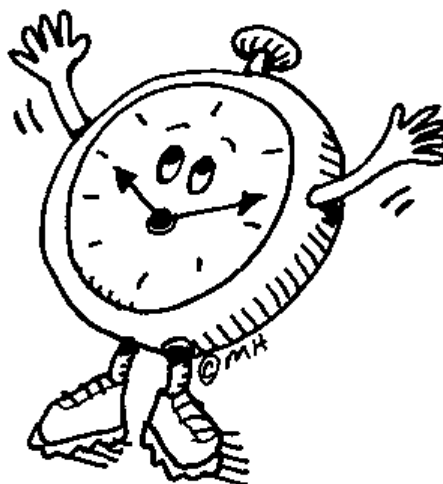

Tom is Sophia's younger brother.

Tom and Sophia are home alone.

Sophia is trying to read a book.

Tom: What time is it?

Sophia: It is seven o'clock.

Tom: What time is it now?

Sophia: It is quarter past seven.

Tom: Sophia, Sophia, what's the time?

Sophia: (irritated) Tom! You are driving me crazy with all that nagging! It is half past seven!

Tom: Sophia! What time is it now?

Sophia: (very irritated) Why are you asking me all the time, Tom? I am trying to read this book!

Tom: I will tell you after you have told me what time it is!

Sophia: Okay, it is quarter to eight.

Tom: I am asking because I am going **to watch** Zack & Cody at Disney Channel at eight o'clock!

Sophia: Find your own **watch** and leave me alone!

to watch = å se på

a watch = en klokke
